Join us in exploring the Spirit/Matter split, and discovering how being awake as both Spirit and Matter gives us many keys to the treasures of life.

In particular, we'll focus on how any prejudice for Spirit over Matter (or Matter over Spirit) blocks :

**deepening intimacy in our relationships*

**opening to and trusting the flow of our creativity*

**finding our natural ability to be authentic and natural*

If you long for deeper personal connections, or have difficulty bringing your great ideas into concrete form, or just want to be more relaxed and authentic, we hope you will join us for this inquiry into the importance of living all aspects of ourselves compassionately and simultaneously.

Come join in this exploration!

We are fortunate to be able to use the same beautiful, spacious Boulder home we were gifted with last year for our venue. Everyone loved it! Add in the transformational power of the nearby Rocky Mountains, the lively Spring energy of Boulder, and the beautiful hearts and minds of the participants and teachers, and this retreat has the makings of a very nourishing 4 days of transmission you won't want to miss!
